Adventures of the Gruffalo Package

Lucy's Little Forest School brings stories to life in the Wilderness Woods. With Secret Paths, log piles, deep dark woods, old gnarled trees, there's everything you need to stimulate the imagination. We provide a rich environment roofed only by sky (and a few gems from our own store cupboard).

The forest school leader takes children and adults on an adventure in the wood. Finding the secret path, discovering the story telling circle. Reading the story of the Gruffalo is a pleasure and the children know it so well it sometimes becomes narrative with the children getting involved and helping with the voices of the animals and actions to suit! This activity is about the adventure, we go in search of the Gruffalo and although this is the end goal its more about what happens along the way. Learning how to get camouflaged, searching for clues and characters from the story. We will weave in and out of fantasy, finding habitats and what's really going on in the woods too! It's an active exploring session and the children enjoy recognizing the animals hiding in the woods.
